STUDENT _____

PART 1

Your class has just had a discussion about education. Your teacher has asked you all to write essays giving your opinions about the statement below. Write an essay between 150 and 180 words.

An education system should prepare students for real life. It should be more practical, and not just focus on academic skills.

PART 2

Last week you witnessed a crime in the street near your home. You saw someone being attacked and robbed. The police have asked you to write a short report about what you saw. Write your report and include the information below.

- Exactly what happened, including when it was and where you were
- A description of the victim and the criminal(s)
- What you did when you realized what was happening

Write between 100 and 120 words.
