

I tried to ~~gues~~ guess what Adan had in his suitcase; ~~w~~When he arrived at the airport, in the ~~counter~~ check-in desk, he had to pay because it was so heavy that although he was strong he ~~hardly~~ could hardly lift it. He had been traveling ~~arround~~ around India for a year so maybe he had ~~boug~~ bought several presents to his family, friends, also some tea, and silk ~~they~~ which are very famous in this country. On the other hand Adan's suitcase, ~~ciuld~~ could be full of drugs or ~~antiques~~ old pieces of metal that weren't ~~avaliabile~~ available in our country. I ~~can~~ couldn't imagine that it ~~could have~~ was full of jeans, trousers, t-shirts, boots and shoes.
